

MECHANICAL COFFEE TABLE .1

NAME	MECHANICAL COFFEE TABLE .1 (Organic)
PRODUCT #	2010
DIMENSIONS	W 49.5" X D 20" X H 14"
SHOWN IN	Material: Ice-Resin, Brass, Parchment Color: Grey, Star-Burst Guilloche, Tan Finish: Hand Polished
DESCRIPTION	This amazing star-burst brass table is inspired by the French technique of Guilloche, the technique of etching designs into luxury time piece faces. Each line of the star-burst style table top is forged by hand making this design very labor intensive and rare. The star-burst top floats atop a grey ice-cracked resin (lucite) base and is finished with a parchment gem stone shape adornment in the center. It is sealed with a high gloss resin coat.
NOTES	A special 'crystal coat' is applied to the all metals as protection against corrosion and fingerprints. Please inquire for pricing, lead time & other finish options. Parchment finishes may vary by up to 20%.
