“Rarely do you run across someone like Sylvan Fiss, whose every thought on design smacks of originality and something unconventional but classic at the same time,” says Allan Knight. This summer, Knight’s Dallas showroom welcomed Sylvan S.F., Fiss’ San Francisco-based line of imaginative handmade furniture. Each piece in the collection, from the just-launched bathroom vanities to the sculptural case goods, is a work of art. “I like to try out different mediums and techniques that have not been seen or thought of before,” says Fiss, “to create pieces that can be interpreted in multiple ways depending on the perception of the viewer.” *To the trade, Allan Knight & Associates, Dallas, allan-knight.com*
